# 1. Space on Wheels

On 11th August, an exciting and educational event took place at Star Public School, Lumshong, Meghalaya - the 'Space on Wheels' exhibition bus rolled in to provide a captivating insight into ISRO's remarkable achievements in the space sector. Organized by NESAC and ISRO, this exhibition showcased the pride of India - its satellites, which are integral to the country's space program.

Enthusiastic scientists engaged visitors, young and old alike, in an interactive journey through space technology. They delved into the intricacies of various rocket launchers, unveiling the marvels of engineering that propel these rockets into the cosmos. The satellite systems were demystified, highlighting their functions and applications that touch numerous aspects of our lives, from communication to weather forecasting.

# 1. Space on Wheels

The exhibition turned the spotlight on significant space missions, like Chandrayaan 1 to 3 and Mars Orbiter Mission, revealing the nation's pursuit of scientific excellence and exploration beyond Earth's boundaries.

The real stars of the show were the students, their curious minds ignited by the fascinating displays. The scientists patiently fielded an array of questions, sparking engaging discussions about space missions, satellite technology, and the limitless possibilities that lie ahead.

# 1. Space on Wheels

The 'Space on Wheels' program transformed learning into an exciting adventure, allowing students to grasp the complexities of space exploration in an engaging and tangible way. As they left the exhibition with a newfound understanding and enthusiasm for space, it was evident that this immersive experience would leave an indelible mark on their educational journey.

Indeed, the 'Space on Wheels' exhibition bus succeeded in bringing the wonders of space closer to home, inspiring the next generation of scientists, engineers, and dreamers to reach for the stars and contribute to India's legacy in the cosmic arena.

## 2. Teachers' Training

On August 1, 2023, a teacher's training session was conducted at Star Public School by NextGen Publisher. The session aimed to provide educators with valuable insights and strategies for enhancing language competency among students using NextGen Books. The training was facilitated by Mrs. Pushpa Nair, a seasoned educator and trainer.

The training session commenced with an engaging icebreaker activity where participants were asked to tag their names with one adjective that best described them. This activity not only created a positive and interactive atmosphere but also helped in breaking the initial ice among participants.

Mrs. Nair delved into a discussion about the current education system and the evolving needs of students. She emphasized the importance of understanding different learning styles and catering to multiple intelligences in the classroom. This was followed by an insightful exploration of the significance of language learning in the holistic development of students.

The central focus of the training revolved around effectively utilizing NextGen Books to build language competency among students. Mrs. Nair demonstrated various techniques and methods that teachers could employ to integrate these resources into their teaching practices. The interactive and dynamic nature of NextGen Books was highlighted as a tool to engage students and promote active learning.

## 2. Teachers' Training

Participants were introduced to a range of activities, exercises, and interactive modules within the NextGen Books platform that catered to diverse language skills such as reading, writing, listening, and speaking. Mrs. Nair underscored the adaptability of these resources to different age groups and learning levels, showcasing their versatility in addressing individual student needs.

The teacher's training held at Star Public School by NextGen Publisher on August 1, 2023, proved to be a fruitful and enlightening experience for all participants. Mrs. Pushpa's insights on the education system, multiple intelligences, and language learning resonated well with the attending educators. The practical guidance provided on incorporating NextGen Books into classroom activities was particularly appreciated, as it empowered teachers with innovative tools to enhance language competency among students. The training concluded on a positive note, leaving participants inspired and equipped to implement these new strategies in their teaching practices.

# 3. Tribal Empowerment

The Star Public School in Lumshnong, Meghalaya, embraced the spirit of India's 77th Independence Day celebrations by organizing a captivating exhibition of tribal art and craft, accompanied by a delectable showcase of tribal cuisine. The event was in alignment with the Ministry of Tribal Affairs, Govt. of India's suggestion to commemorate the Azadi Ka Amrit Mahotsav, focusing on the theme of 'Tribal Empowerment'.

# 4. Gyanotsav Competition

**StudentEdge**  
A newspaper specially crafted for school going children

Star Public School takes immense pride in the active participation of its students in the Gyanotsav competition organized by StudentEdge Newspaper. The competition aimed to celebrate National Reading Day and promote the love for reading among students. The event included various activities such as essay competitions, speed reading challenges, and summary writing challenges.

The following students from various classes participated enthusiastically in the competition:

1. Adhyayan Rathore - Class V
2. Ankit Patel - Class VI
3. Shaswat Raj Singh - Class VI
4. Anshu Kumari - Class VIII
5. Prachi Chaubey - Class IX
6. Bappa Rabidas - Class IX
7. Mayank Kumar Rai - Class X
8. Mominul Sikdar - Class X
9. Alok Pradhan - Class XII

The participation of Star Public School students in the Gyanotsav competition reflects the school's commitment to fostering a love for reading and literature among its students. The competition not only enriched the students' literary abilities but also provided an opportunity for them to be recognized for their dedication and talent. This event served as a reminder of the immense value of reading in shaping young minds and broadening their horizons.

# 5. Independence Day Celebration

Star Public School in Lumshnong joyously celebrated the 77th Independence Day on August 15, 2023. The occasion resonated with patriotic zeal and fervent enthusiasm. The school's Principal, Mr. Dilip Kumar, accompanied by the dedicated staff, unfurled the tricolor flag and led the assembly in a spirited rendition of the National Anthem. The event encompassed a stirring group rendition of patriotic songs and a concise address.

In the presence of students and parents, the Independence Day ceremony created an indelible memory within the school community. Principal Mr. Dilip Kumar underscored the significance of comprehending and valuing the hard-won liberty that the nation relishes. He motivated the students to actively contribute to the advancement of the country.

Subsequent to the celebrations, a vibrant procession traversed the locality, culminating at the Administrative building, where Star Cement orchestrated a flag-raising ceremony and a culturally rich program.

The magnitude of participation by both students and staff members in the Independence Day festivities was truly remarkable and garnered widespread appreciation. The yoga presentation, undoubtedly, stood out as a captivating highlight. The recurrent standing ovations extended by the CEO, Mr. Vinit Tiwari, MR Devender Bansal, Unit Head Mr. Laxmaiya Munjala, and other dignitaries are a resounding testament to the exceptional dedication and excellence showcased by the participants.

# 5. Independence Day Celebration

Furthermore, the invitation extended to Star Public School students to partake in the Khliehriat celebrations is laudable. Their involvement culminated in securing the second prize in a dance competition, thus fostering immense pride and acclaim for the school.

All in all, the festivities reverberate as a profound and patriotic observance that united students, staff, and the community in commemorating the nation's independence, instilling a shared spirit of unity and advancement.

# 6. Project on Chandrayaan - 3

Chandrayaan-3 denotes India's mission for exploring the moon, specifically marking the third endeavor in the Chandrayaan series. Students embarked on a project centered around Chandrayaan-3, which entailed the creation of visuals, diagrams, and written content detailing the mission. This initiative provided an excellent platform for students to gain insights into space exploration, fostering their creativity in the process.

# 6. Project on Chandrayaan - 3

## 7. Special invitation to witness post landing Chandrayaan-3 live scientific experiment

What an impressive achievement for Mayank Kumar Rai! Participating in the Young Scientist Programme (YUVIKA) at the North East Space Application Centre and later being invited to witness the live scientific experiment of Chandrayaan-3 at the ISRO Control Centre in Bengaluru is undoubtedly a proud moment to cherish.

## 7. Special invitation to witness post landing Chandrayaan-3 live scientific experiment

Chandrayaan-3, being India's lunar exploration mission, must have been a captivating experience for Mayank. Witnessing a scientific experiment of this magnitude and significance can serve as a great source of inspiration for his future endeavors in the field of space and science. This accomplishment showcases his dedication, commitment, and passion for space exploration and research.

Mayank's participation in YUVIKA and subsequent involvement with Chandrayaan-3's experiment not only reflects his own hard work but also the support and guidance he must have received from his mentors, teachers, and family. Such experiences can leave a lasting impact on a young mind, nurturing a deeper interest in scientific pursuits and potentially leading to a promising career in space science, engineering, or related fields.

This moment marks a milestone in Mayank Kumar Rai's journey, one that he and those who supported him will surely remember with pride and joy. It also stands as a testament to the opportunities and advancements in India's space program, encouraging young talents to reach for the stars and contribute to the nation's scientific and technological growth.

# 8. WWF for Nature

The World Wide Fund for Nature-India (WWF India) is a prominent conservation organization actively dedicated to preserving wildlife and nature across the nation. One of their significant initiatives, the Wild Wisdom quiz, orchestrated by WWF India, is focused on raising awareness and knowledge regarding wildlife and environmental conservation among students.

A remarkable development has unfolded as 125 students hailing from Star Public School enthusiastically engaged in the Wild Wisdom Global Challenge. An impressive testament to their commitment and passion for wildlife and nature conservation is the fact that 30 among them successfully progressed to the second round of the competition. This commendable achievement underlines their dedication and genuine interest in the cause.

Such initiatives play a pivotal role in fostering a deeper comprehension of the natural world around us. Moreover, they serve as a catalyst for inspiring the younger generation to embrace an environmentally conscious lifestyle. WWF India's efforts in organizing the Wild Wisdom quiz are contributing substantially to building a generation of informed and environmentally aware citizens.

## 9. Bharat Skill Samman

We are elated to share with you the remarkable achievement of Star Public School at the esteemed Bharat Skill Samman 2023. It is with immense pride that we announce our selection for this prestigious award ceremony, which is a testament to our relentless dedication to nurturing young minds and fostering skill development.

The unwavering commitment, tireless efforts, and visionary approach of Team Star Public School in cultivating skills among our young learners have garnered the attention and admiration of the esteemed Jury Members. We are honored to have been recognized for our dedication to providing quality education and shaping the leaders of tomorrow.

The grand ceremony of Bharat Skill Samman 2023 took place on the auspicious date of 26th August, 2023, from 10:00 AM to 5:00 PM, in the vibrant city of Mumbai. This event served as an extraordinary platform, bringing together educators, thought leaders, and visionaries from the field of education. It was a day filled with inspiration, profound knowledge sharing, and jubilation as we celebrated the remarkable accomplishments of individuals and institutions alike.

# 9. Bharat Skill Samman

We are pleased to share that Mr. Dilip Kumar, our esteemed Principal, graced the occasion with his presence and represented Star Public School with pride. In recognition of his exemplary leadership and contribution to education, Mr. Dilip Kumar was honored as a Skill Ambassador during the ceremony. This accolade not only acknowledges his dedication but also reflects the collective efforts of our entire school community.

We extend our heartfelt gratitude to all our students, parents, teachers, and staff members for their continuous support and commitment. This achievement would not have been possible without your unwavering encouragement and collaborative spirit.

Once again, we express our sincere appreciation to the organizers of Bharat Skill Samman 2023 for providing us with this remarkable opportunity to showcase our dedication to education and skill development.

Once again, we express our sincere appreciation to the organizers of Bharat Skill Samman 2023 for providing us with this remarkable opportunity to showcase our dedication to education and skill development.

# 10. Pre-Raksha Bandhan Celebration

Star Public School, Lumshnong, celebrated a vibrant and festive Pre-Rakshabandhan event on the 29th of August, 2023. The event aimed to create a sense of cultural awareness and unity among the students, while also highlighting the significance of the upcoming Rakshabandhan festival. The celebration began with a special morning assembly that incorporated music, dance, singing, and informative speeches.

Mr. Dilip Kumar, the principal of Star Public School, took the stage to share insights into the festival's significance. He narrated the tale of how Rakshabandhan is celebrated differently in the North and South of India, showcasing the diverse traditions within the country. He also spoke about the festival of Onam and drew connections between Rakshabandhan and Onam, highlighting the underlying theme of celebrating relationships and unity.

# 10. Pre-Raksha Bandhan Celebration

The highlight of the event was the Rakhi tying ceremony. Students participated enthusiastically, tying colorful and ornate rakhis onto each other's wrists. This gesture symbolized the bond of protection, care, and love between siblings and friends. The exchange of rakhis demonstrated the spirit of unity and harmony that the festival promotes.

# 11. Forest Life

Star Public School students participated in the "Forests of Life" event organized by Azim Premji University. The event invited artistic contributions in the form of illustrations and sketches from school and college students to depict their unique perspectives on forests.

The "Forests of Life" event was part of the larger climate festival organized by Azim Premji University in their campuses at Bengaluru and Bhopal. The festival aimed to explore India's diverse forests and their ecological importance. Students from various educational institutions were encouraged to express their ideas about forests through creative artwork submissions.

# 12. INSPIRE - MANAK Scheme

The "Innovation in Science Pursuit for Inspired Research" (INSPIRE) scheme, initiated by the Department of Science & Technology (DST), Government of India, is a prominent program aimed at fostering a culture of creativity and innovation among students. The scheme's core component, the INSPIRE Awards - MANAK (Million Minds Augmenting National Aspirations and Knowledge), is administered in collaboration with the National Innovation Foundation - India (NIF), an autonomous body of DST. The scheme targets students aged 10-15 years, studying in classes 6 to 10, with the objective of generating a million original ideas and innovations rooted in science and societal applications.

The primary goal of the INSPIRE-MANAK Scheme is to stimulate innovative thinking among school children. By encouraging them to generate original ideas with scientific and societal relevance, the scheme aims to instill a sense of curiosity and an inclination towards research from an early age. Participating in such programs also helps students bridge the gap between theoretical knowledge gained in classrooms and its practical applications in the real world. Furthermore, the scheme recognizes and rewards students for their innovative thinking, providing them with a platform to showcase their potential.

Five students from Star Public School enthusiastically participated in the INSPIRE-MANAK Scheme by submitting their innovative ideas. This initiative signifies the school's commitment to nurturing creative thinking and encouraging students to contribute to scientific and societal advancements. By engaging in this scheme, these students have showcased their ability to think beyond the conventional and develop solutions that could potentially address real-world challenges.

# 13. Educational Visit

An educational visit can be a source of immense joy and enthusiasm while also fostering valuable learning experiences. Such was the case for Grade XII students, who embarked on a meaningful excursion to the Assam Rifles Museum in Laitkor, Shillong. Organized by our school in collaboration with the Star Cement CSR Department, this visit proved to be both enlightening and enriching.

Accompanied by dedicated faculty members, the Grade XII students were given the opportunity to explore the historical treasures of the Assam Rifles Museum, a distinguished institution renowned for its remarkable collection. This museum is renowned for housing artifacts and relics from significant historical events, particularly those linked to the operations of one of the oldest and most decorated Para Military forces.

# 13. Educational Visit

The museum's exhibits include an impressive array of weapons, swords, shields, and helmets, each with its own story to tell. Moreover, the museum thoughtfully showcases a variety of soldier uniforms from bygone eras. Photographs chronicling major wars are thoughtfully categorized and displayed, offering a visual narrative of history's pivotal moments.

Among the captivating displays are replicas of artifacts, coins, and weaponry, often generously donated by the Department of Archaeology. Beyond its historical collections, the Assam Rifles Museum also serves as a window into the rich traditions and cultures of the seven states of the North East region.

In short, the educational trip to the Assam Rifles Museum was an unforgettable experience for the Grade XII students. Not only did they gain a deeper understanding of historical events and military history, but they also had the chance to immerse themselves in the cultural tapestry of the North East. The visit left a lasting impression on the participants, offering both cherished memories and valuable insights.

# 14. CBSE Expression Series

Star Public School, located in Lumshnong, Meghalaya, is known for its commitment to holistic education and fostering students' talents beyond academics. In alignment with this ethos, the Central Board of Secondary Education (CBSE) introduced the 2nd Expression Series for the academic session 2023-24. The theme of this series was 'G-20: India's Vision for a Harmonious World'. The school organized a competition from August 3rd, 2023, to August 16th, 2023, aimed at engaging students from class 3 to 12 in enriching activities that reflect India's aspirations for global harmony.

The primary objective of the competition was to conduct student-enrichment activities centered around the theme of 'G-20: India's Vision for a Harmonious World'. By encouraging students to participate in essay writing and painting competitions, the school aimed to provide a platform for young minds to express their thoughts, creativity, and understanding of global harmony.

A total of 323 students from Star Public School participated in the school level competition. The competition included two categories: essay writing and painting.

Among the participants, four outstanding students were selected to have their entries uploaded on the CBSE website. This recognition not only reflects the talent within Star Public School but also highlights the dedication of the students towards understanding and representing India's vision for global harmony.

# 14. CBSE Expression Series

## The Impact of globalization on World Economy

For globalization, is a force of change,  
 A way to create a world, that's more arranged,  
 A world that's full of hope, and free from fear,  
 Where people live, in a world that's clear.

For globalization, is a call to unite,  
 To bridge the gaps, and to set things right.  
 Globalization's dance on world's stage,  
 Borders blurred, economies engage.

Trade flows freely, nations connect;  
 Interdependence, new prospects reflect.

In a world of connections far and wide,  
 Globalization's currents do glide.

Borders fade, trade takes flight,  
 Economy shifts, day and night.

Goods traverse oceans, cultures blend,  
 Interwoven fates around the bend.

Opportunities rise, markets expand,  
 Yet inequality grows, a shifting sand.

Global Village, woven tight,  
 Prosperity's glow, mixed with plight.

Impact profound, a dual-edged sword,  
 Globalization's tale, forever explored.

TOPIC -INDIAS ROAD MAP TO RENEWABLE ENERGY

## POEM

### India's Roadmap To Renewable Energy

Gorgeous India, shine and bright  
 Leads every peoples' mind right  
 Seeing the beautiful sunshine every morning  
 Thought of making changes for India by leading.

Sunshine, sunshine unendingly  
 Technology and nature collaborate willingly  
 Solar panels love the nature  
 And sunshine joins to make it clear.

Technology advancement day by day  
 India carries its work all the way  
 Where in the sun, 'I don't care, I play'.  
 Turbines think it the same way.

Who knows what India can do  
 As I love India, I know and you do.  
 Demanding solar energy everywhere  
 Lots of dedications required and pains to bear  
 Fetching renewable energy from every renewable source  
 It will make India self-reliant on its own resources.

# 15. NIST Science Talent Search

Star Public School has always been committed to fostering creativity, innovation, and a strong foundation in STEM (Science, Technology, Engineering, and Mathematics) among its students. To further this commitment, the school encourages its students to participate in the NIST Science Talent Search, a prestigious platform that celebrates and recognizes young talents in the field of STEM. The program aims to provide national recognition, instill healthy competition, and inspire innovative solutions to local and global challenges.

The NIST Science Talent Search program at Star Public School is designed to achieve the following objectives:

- 1. National Recognition:** The program seeks to shine a spotlight on the exceptional talents of the school's students in the realm of STEM. By participating and excelling in this competition, students gain valuable recognition at a national level for their innovative ideas and projects.
- 2. Healthy Competitive Spirit:** The program fosters healthy competition among the peers, motivating them to push their creative boundaries and come up with groundbreaking ideas. Through friendly competition, students are encouraged to strive for excellence in their work.
- 3. Inspiring Innovation:** One of the core objectives of the program is to ignite the spirit of innovation and problem-solving in students. By addressing local and global issues through their projects, students are inspired to think critically and develop disruptive solutions that can make a positive impact on society.

Star Public School proudly nominated three groups of students to participate in the NIST Science Talent Search. Each group is composed of talented individuals who have exhibited exceptional creativity and innovation. The participating groups are as follows:

**Group-1: PRABEEN DAS and DIVYANSH SHARMA**

**Group-2: ARNAV TRIPATHI and RISHABH SINGH**

**Group-3: ANUJ MISHRA and CHANDRAKANT TIWARI**

Abhisek Banerjee, PGT-Chemistry, takes the lead as the coordinator of the NIST Science Talent Search program at Star Public School. With a strong background in the sciences, Mr. Banerjee is dedicated to guiding and supporting the participating students throughout their journey in the competition. His expertise and passion contribute significantly to the success of the program.

## 16. Observance of 'Partition Horrors Remembrance Day'

The partition of India in 1947 was indeed a significant historical event that resulted in the political division of the Indian subcontinent and the creation of two independent nations: India and Pakistan. The partition was accompanied by the transfer of populations, widespread violence, and significant changes in political boundaries.

The partition was largely driven by religious tensions between Hindus and Muslims, which had been brewing for years. The British decision to divide India was influenced by various factors, including political considerations and communal conflicts. The partition led to massive migrations, communal violence, and the loss of countless lives and properties.

Students under the guidance of teachers organized a classroom exhibition on Partition Horrors to commemorate the heroes and acknowledge the immense human suffering that occurred during that time.

The participation of students from class VIII to X in presenting posters, skits, speeches, and poems proved to be an excellent way to engage with the history and impact of the partition. By involving different forms of creative expression, students can better connect with the subject matter and gain a deeper appreciation for the sacrifices made by those who lived through those turbulent times.

It's also important to recognize the efforts of teachers viz., Sonal Banerjee and Sampriti Samanta, who played a crucial role in organizing and guiding the students through this educational experience.

# 17. Meri Mati Mera Desh

In compliance with the circular CBSE/DIR(ACAD)/2023, a distinctive gathering centered around 'My Soil, My Nation' was orchestrated by the pupils of Star Public School on the 31st of August, 2023. The purpose was to commemorate the accomplishments of the nation and the valiant individuals who made the ultimate sacrifice for our land.

Under the theme of 'Affection for the Motherland,' a special amalgamation of song, dance, and poetic recitation was presented. Every performance was dedicated to exalting the sacrifice of those courageous souls who gave everything for our nation. The students' displays were exceptional, filled with jubilation and passion.

In conclusion, a collective pledge to uphold the unity of the country was taken by all the attendees during the program."

# 19. Morning Assembly on Road Safety

On August 25th, 2023, Star Public School in Lumshnong convened a special morning assembly centered around the crucial topic of road safety. This assembly aimed to enhance awareness and understanding among students regarding responsible road behavior. The event encompassed a range of activities, including speeches, musical performances, and an impactful awareness drama, all focused on advocating for road safety.

The assembly underscored fundamental road safety rules and regulations that demand strict adherence. These guidelines include refraining from using mobile phones while driving, wearing seatbelts and helmets, and exercising caution while walking on sidewalks. Emphasis was placed on utilizing designated zebra crossings for pedestrian crossings, promoting safety for all road users.

In India alone, approximately eighty thousand lives are claimed by road accidents each year, contributing to thirteen percent of the global road accident fatalities. The pivotal role played by drivers in these incidents cannot be underestimated. Many crashes result from either negligence or a lack of awareness regarding road safety protocols. Thus, imparting road safety education is as pivotal as acquiring any other fundamental survival skill.

The primary goal of the assembly was to provide comprehensive road safety insights to both existing and prospective road users. By fostering a culture of responsible behavior, we aim to curtail the escalating number of annual road-related casualties and injuries. This initiative seeks to instill safer road practices, ultimately contributing to a more secure road environment.

# 20. National Sport Day

The National Sports Day Celebration at Star Public School, Lumshnong, held on 29th August 2022, was a resounding success. The event was marked by a series of engaging and spirited activities that emphasized the importance of sports in our lives. The school community came together to celebrate the event with great enthusiasm and vigor.

The day's festivities commenced with a special morning assembly that set the tone for the entire celebration. The assembly began by acknowledging the significance of sports in shaping character, promoting teamwork, and fostering a healthy lifestyle. This was followed by an exceptional skit centered around the game of Kabbadi. The students brought the skit to life with their enthusiastic performances, and the addition of an awe-inspiring commentary enhanced the overall experience. The skit aimed to not only entertain but also educate the students about the essence of dedication, strategy, and discipline that are integral to sports.

Following the enlightening morning assembly, the students and teachers participated in a range of indoor and outdoor games. The event provided an opportunity for everyone to engage in physical activities and experience the joy of healthy competition. The games were carefully selected to cater to a wide variety of interests and abilities, ensuring that every participant could find an activity that resonated with them.

# 20. National Sports Day

The highlight of the National Sports Day Celebration was the Kabbadi competition that involved students from classes 9 to 12. The Kabbadi matches showcased the students' athletic prowess, teamwork, and strategic thinking. The spirited matches were a testament to the students' dedication and the effort they had put into preparing for the event. The cheers from the audience, comprising fellow students and teachers, added to the excitement and encouraged the participants to give their best.

The entire school community thoroughly enjoyed the National Sports Day Celebration. The event not only highlighted the physical benefits of sports but also underscored the values of sportsmanship, camaraderie, and perseverance. It was heartening to witness students from various classes and backgrounds coming together to celebrate the spirit of sports.

The celebration served as a reminder that sports are not merely about winning or losing; they play a vital role in shaping well-rounded individuals who can face challenges with resilience and determination. The event left a positive impact on everyone, inspiring them to continue embracing sports as an integral part of their lives.

The National Sports Day Celebration at Star Public School, Lumshnong, was an incredible success. It demonstrated the school's commitment to fostering holistic development and promoting the values inherent in sports. The event was a true celebration of unity, athleticism, and the spirit of healthy competition. As we look forward to future celebrations, we are inspired to continue nurturing a culture of sportsmanship and physical well-being within our school community.

**Subject: Offer of Admission to MBA, 2023 Intake**

Dear Hafizul  
Congratulations!

Welcome to Rishihood - India's first and only impact university. With great pleasure, we offer you admission to the **Master of Business Administration (MBA)** program at **Rishihood University**. You have been shortlisted based on a holistic review of your application, aptitude test, and interview, amongst other factors. Your performance across all parameters was encouraging. We are confident that your contribution to the Rishihood community will strengthen our vision to create impact leaders who will shape the future.

The MBA program at Rishihood is primed to help you succeed in a VUCA world. We prepare you for success with an entrepreneurial mindset - a mind that is curious, courageous, and enjoys change.

We are also pleased to inform you that based on your performance in the admission process, **you have been awarded financial aid of 100% on the tuition fee**. Please note that your financial aid will be reviewed, by the scholarship committee, every year based on your academic performance, attendance, and discipline. The fee details are provided in Annexure B.

Kindly send your acceptance by **July 24, 2023**, by submitting a refundable acceptance fee of INR 35,000. This fee will be adjusted against the overall tuition fee. If you do not accept the offer on or before the deadline, the offer may be **passed on to a wait-listed applicant**. Account details for making the payment are provided in Annexure A.

After you submit the acceptance fee, you will be issued the Provisional Admission Letter. If needed, you may use the Provisional Admission Letter to apply for an educational loan.

We invite you to embark on a journey of self-transformation and impact leadership. We are confident that you will uphold and represent the values of Rishihood University as a proud learner.

Yours indeed,  
Admissions Committee  
Rishihood University
